

Become an EMT while attending High School!

Fall 2026 & Spring 2027 - High School Senior EMT Hybrid/Online Course Offered through your high school curriculum!

Fall Course Dates: August 24 - December 15, 2026

Required Saturday Lab Sessions: September 19, October 17, November 21, December 12

SCHOLARSHIPS AVAILABLE!

For Qualified candidates

There is a desperate need for more trained EMTs across the United States and in the State of South Dakota. Completing an EMT course will provide opportunities to high school students seeking to support community projects, civic service along with future career and academic opportunities available to certified EMTs.

We have a number of funding options for high school students to participate in the EMT course during the 2026/2027 school year.

BENEFIT

- Dual Credit opportunities available CTE credit
- Resume builder
- Save a life!

RATIONALE

- EMT shortage is daunting
- Relevant experience
- Foundation for future
- Fast job growth rate
