

Become an EMR from the Comfort of your Home!

Emergency Medical Responder Course

Course Dates: January 20 - May 5, 2027

Our Spring 2027 EMR Course(s) is grant funded for qualified students.

Eligibility requirements apply. There is a limited number of grant sponsored seats for the 2027 EMR course(s).

Online LIVE *(Live Interactive Video Education)* classes will be held on Wednesday evenings from 6-10pm CST via interactive video conferencing. A computer with high speed internet connection, audio and webcam capabilities required.

Students will be required to attend three Saturday skills lab sessions to gain hands-on skills and to fulfill course objectives.

Based on student enrollment, regionalized skills lab opportunities are a possibility but not a guarantee.
In-person skills lab sessions will be held from 8am-4pm on assigned dates.

Weekend Saturday Class Dates: February 27, March 27, May 1

Upon successful completion of the EMR Course, participants will be: certified in Basic Life Support CPR and be prepared to complete the National Registry Cognitive Exam to earn their EMR registration/certification.

Non-Grant Funded Course Registration Fee: $650.00

(Grant funding allows qualified individuals to attend the EMR class with grant funded support to cover course materials)

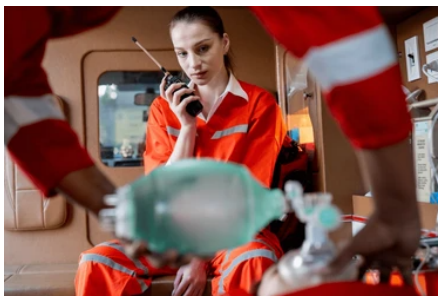

Registration includes: the required textbook, access to video conferencing software, on-site CPR certification, State/ National Psychomotor Skills testing. Qualified grant students will have access to one paid NREMT cognitive exam.

This project is supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. department of Health and Human Services (HHS) as part of the Rural Health Transformation Project Program, a financial assistance award totaling an award of $761,745.00, with 100% funded by CMS/HHS. The contents are those of Sanford Health and do not necessarily represent the official views of, nor an endorsement, by CMS/HHS, or the U.S. Government.

There is a desperate need for EMS personnel and first responders across the State of South Dakota. Completing an EMR course will provide opportunities to individuals seeking to support their community and assure rural communities have access to emergency services and medical care when needed.
